B/CIGAR OASIS EXCEL

Treat your cigars right! The Next Generation Cigar Oasis EXCEL is perfect for any cigar enthusiast. Take it out of the box, and in a few minutes you are ready to go with digital controls and humidity readout to keep your cigars perfect.

The Cigar Oasis EXCEL is ideal for humidors up to 4 cubic feet (approximately 300 cigars).

The digital display allows you to set the humidity reading to your own desired level. It is factory set at 70%, but some prefer their cigars a little more dry and others more moist. Set it so your cigars give you the perfect draw.

The Next Generation Cigar Oasis EXCEL is the original Cigar Oasis model and remains the only sealed humidifier on the market.

Dimensions: Length: 6” Width: 2” Height: 3.5”

Designed for up to 300 cigar capacity humidors (up to 4 cubic feet)

The Cigar Oasis Excel is the original Cigar Oasis model and remains
• Sealed design – Extra long lasting cartridge
• Powers via paper thin ribbon cable
• Rechargeable battery attachment (sold separately)

£119.00

C/CIGAR OASIS PLUS

The Next Generation Cigar Oasis PLUS automatically controls and maintains the humidity in your humidor. Set your Cigar Oasis at 70%, and as soon as the humidity drops below this point, the Oasis will turn on to raise the humidity in the humidor. The PLUS is ideal for mid-size cabinets between 4 and 10 cubic feet. While this unit is the same size as the EXCEL, the PLUS gives out 5 times more rapid humidification for a larger humidor and has a different air-flow pattern to achieve incredibly reliable humidification.

The digital readout gives you an accurate humidity reading in your humidor at all times.

Use the Next Generation Cigar Oasis PLUS for your smokes and get a nice, even draw every time.

Dimensions: Length: 6” Width: 2” Height: 3.5”

Designed for up to 1000 cigar capacity end table humidors (up to 10 cubic ft.)

The Cigar Oasis Plus is the most powerful active humidifier in its size –
• Powerful fan rapidly circulates humidity throughout the entire humidor –
• Powers via paper thin ribbon cable
• Rechargeable battery attachment (sold separately)

£129.00

D/CIGAR OASIS MAGNA

The only choice for cigar connoisseurs! The Next Generation Cigar Oasis MAGNA is perfect for large cigar collections. The MAGNA uses the same digital controls as the smaller units, but has the capacity to handle large cabinets, armoires and display cases between 10 and 60 cubic feet.

The Cigar Oasis MAGNA has 3 fans that will turn on when the humidity drops below the set point (factory pre-set at 70%).

It also includes a remote control which attaches to the main control top via a 6 foot cord so it can be mounted where it is easily visible. It has a large base which uses water beads filled with only distilled water and can be refilled many times.

The Next Generation Cigar Oasis MAGNA is recognized by both cigar retailers and cigar enthusiasts alike as the most reliable humidifier for large cabinet humidors

• Completely Sealed system only activates on sensors demand
• Remote control & sensor with display and set point buttons
• Transparent base to observe water levels
• Includes auxiliary fan kit to further distribute humidity by
• Ability to link up to 6 units –
• Perfect for attached wall, units and small walk-in humidors

A/Once Upon a Time in Cuba - History in Photos

New exciting and exclusive book just released and available to order now!

“Once Upon A Time in Cuba” - by Michael Mirecki and Mitchell Orchant is a 147 page compilation of our original photograph collection of Cuba. The book has a foreword by Simon Chase of Hunters and Frankau and includes chapters on

- Famous people
- The Cuban Revolution
- Pre Revolution Bars, Music and Cabaret
- Buena Vista Social Club
- Tobacco (of course!)
- and Sport.

Only 1000 individually numbered hardback coffee table books will be made available.

Hardback size 9 1/2” X 9 1/2”.

Once Upon a Time in Cuba took me on a nostalgic journey to an imagined time in Cuba. While some friends have witnessed Cuba in some of its phases, I have not. These photos tell a vivid story about Cuba over a century.

Michael and Mitchell are ideal candidates for putting together a photo book about Cuba. Having spent years in Cuba while doing photography, Michael knows the country. Mitchell is one of the most selective collectors who visits Cuba throughout the year, which he has done for many years.

Boveda Humidor Seasoning Packs and Boveda Humidifiers are designed as a stand-alone 2-way humidity control.

Boveda is the right product that can solve your intermediate moisture need and maintain the ideal humidity level inside your humidor.

Available in multiple sizes and humidity levels, Bovedas are popular, easy and simple humidifying tools to get your humidor up to the required relative humidity level fast.

Boveda doesn’t need to be activated or maintained.

To set up your new humidor, simply place the Boveda seasoning kit inside the humidor and remove it when your humidifier shows 68%. You are ready to go.

Charge your humidifier and add your cigars.

To maintain your required humidity level, we recommend you simply choose either the 69% or 72% humidity packs.

It is recommended to use at least one 60 gram Boveda per 25 cigars your humidor holds. So, if you have a humidor that holds 40 cigars, use 2 packs. If your humidor holds 75 cigars, use 3 packs.

The life of any Boveda depends how much moisture it releases, which will vary based on climate and the capacity of the humidor. You’ll know it’s time to replace Boveda when it’s no longer pliable.

Boveda doesn’t need to be activated or maintained.

Once the Boveda pack becomes rigid, it’s out of water and needs to be replaced. It’s really that simple.

Boveda 69% - 60g humidor size pack £2.59 per pack
Boveda 72% - 60g humidor size pack £2.59 per pack
Boveda 72% - 8g travel size pack £0.69 per pack
Boveda 84% - Humidor Seasoning pack £2.69 per pack
Boveda One step Hygrometer Calibration Kit £3.49 per pack

Also available
Boveda Travel Humidifier Pouch (approx. 5 cigars capacity) £1.99 per bag
